1. Pledge of Allegiance

Hast led all in the *Pledge of Allegiance*.

2. Public Comment

Kris Hunt, Contra Costa County Taxpayers Association, stated she read a letter at the last meeting that wasn't attached to the minutes so she brought copies to share. She also stated the minutes didn't include Gioia's request to have staff research the cost to record the meetings. She felt having the meetings televised would allow members access to the meetings.

Wendy Lacke, Contra Costa County Taxpayers Association, stated she felt having the closed session portion of the meeting in the middle of the agenda was an inconvenience.

Lisa Driscoll, County Administrator's Office, spoke against Item 12 stating the County does not have control over the increased costs that would affect the County's unfunded liability and felt the Court Commissioners' retirement incentive pay should not be included in their retirement calculation.

3. Approval of Minutes

It was **M/S/C** to approve the minutes of the August 29, 2012 meeting. (Yes: Allen, Bins, Buck, Cabral, Gioia, Hast, Holcombe, Phillips and Telles)

It was **M/S/C** to approve the minutes of the September 12, 2012 meeting with an amendment to Item 9 which should read "It was **M/S/C** to accept the Hearing Officer's recommendation and deny the service connected disability retirement for Cleo Patzer-Alvarado", and to Item 10 which should read "It was **M/S/C** to accept the Medical Officers/Staff recommendation and grant the service connected disability retirement for David Carpenter." (Yes: Allen, Bins, Buck, Cabral, Gioia, Hast, Holcombe, Phillips and Telles)

4. Routine Items

It was *M/S/C* to approve the routine items of the October 10, 2012 meeting. (Yes: Allen, Buck, Cabral, Gioia, Hast, Holcombe, Phillips and Telles. Abs: Bins)

5. Educational presentation on pension reform legislation (AB 340 and AB 197)

Leedom reported there may be topics discussed and questions asked during this presentation that will need to be answered at a future date. She stated she will be mailing a letter to all employers offering to provide meeting times to discuss changes as outlined in this presentation.

Levy reported The California Public Employees' Pension Reform Act of 2013 (PEPRA) was signed into law in September 2012. She reported PEPRA applies to state and local public retirement systems and to their participating employers, (except the University of California, charter cities and charter counties) and to all County Employees Retirement Law of 1937 (CERL or '37 Act) systems, including CCCERA, and their participating employers.

Levy explained that the purpose of this study session is to present and discuss the new legislation at a public meeting with the Board of Retirement. The information provided today may be updated as CCCERA continues to analyze the legislation. If there is any discrepancy between what is contained in this presentation and the law, the law will govern.

Levy reviewed the definition of "new members" who will be subject to the new PEPRA tiers, "legacy members" who will not be subject to the new PEPRA tiers, and reciprocity.

Leiderman commented that the legislation does not affect retirement benefits for current retirees.

Schneider reported PEPRA requires new retirement formulas for "new members", but allows the current plan to continue if it is less costly than the new PEPRA formulas. He also reported the new formula will mean new contribution rates for employers. The PEPRA formula for CCCERA general members will be 2% at age 62. The PEPRA formula for CCCERA safety members will be 2.7% at age 57.

Levy discussed the benefits for current safety members who retire with an industrial disability and noted that PEPRA uses the term "industrial disability" which is the CalPERS term for what the '37 Act refers to as a "service connected disability." The PEPRA legislation includes in new Section 7522.66(a)(1) a benefit of fifty percent of final compensation plus an annuity purchased with the member's "accumulated contributions, if any." It is unclear where the funding for the additional annuity would come from. Leiderman commented that the additional annuity would create a new unfunded liability and would increase the contribution rates for employers of safety members.

Levy reviewed the definition of "pensionable compensation" for new members in the PEPRA tiers. Leedom noted this is another item which will need review and further analysis. Levy reviewed the list of items of compensation excluded from "pensionable compensation" for the new PEPRA tiers.

Levy reviewed the Legislative changes to the CERL (AB 340 and AB 197). AB 340 addresses the following: 1) The Retirement Board's determination of whether the compensation paid by the member's employer was paid to enhance retirement; 2) CERL employer reporting of compensation to CCCERA; 3) The Retirement Board's audit of employers and examination of employer records; and 4) Cost sharing for

"legacy" employees (current employees). AB 197 amended the CERL definition of "compensation earnable" for all members.

She also reviewed section 31542, which was added to the Government Code. This provision mandates that the Board establish a procedure for assessing and determining whether an element of compensation was paid to enhance a member's retirement benefit.

Leedom gave an email address of info@ret.cccounty.us for members and employers to submit questions regarding implementation of the new legislation. The email address will only be available for 30 days.

It was the consensus of the Board to move to Item 11.

Cabral was not present for subsequent discussion and voting.

11. Semi-finalist report for Global Real Asset search

Helliesen gave an overview of the manager search process noting they selected 6 firms as semi-finalist candidates. Alliance Bernstein, Goldman Sachs, two PIMCO strategies and two Wellington Management Company strategies. He stated the Board may want to hire two managers due to the amount of money being invested.

Helliesen reviewed the pros and cons for Alliance Bernstein, Goldman Sachs and both PIMCO products.

Youngman reviewed the pros and cons for both Wellington products.

Cabral was present for subsequent discussion and voting.

After Board discussion, it was **M/S/C** to interview Wellington Diversified Inflation Hedges, Wellington Real Total Return, PIMCO All Assets and Goldman Sachs at a Special Meeting on November 28, 2012. (Yes: Allen, Bins, Buck, Cabral, Gioia, Hast, Holcombe, Phillips and Telles)

CLOSED SESSION

The Board moved into closed session pursuant to Govt. Code Section 54957, 54956.9(a) and Govt. Code Section 54956.9(b).

The Board moved into open session

12. Request from the Courts regarding new pay item

Steve Houghton, Court Commissioner, addressed the Board. He stated that he also had been authorized by the three other affected court commissioners to speak on their behalf. He stated that he believed the issue of the payment being made to the four commissioners had no precedent, and asked that the Board agree that the amounts paid to the commissioners by the court (up to \$38,000 per commissioner) be treated as pensionable compensation. He stated that the Commissioners' jobs were being eliminated by statewide court cutbacks, so they were being forced into early retirement, not voluntarily retiring. Accordingly, he stated that the payment was not really an incentive to retire, but was in actuality a payment in exchange for agreeing not to sue for wrongful termination, violation of age discrimination laws, and other claims that would be released in exchange for the payment. When asked by the Board's Fiduciary Counsel what services had been rendered in exchange for the payment, Mr. Houghton stated it was more for future services they were not going to render. Counsel noted that the Board's published Policy for Determining Which Pay Items are "Compensation" for Retirement Purposes required the compensation to be "payments for services rendered".

The Board noted that if the incentive payment was included as compensation for retirement purposes it would increase the members' retirement allowance. The contributions that would be paid on the incentive payment would fund only a small fraction of the additional actuarial liability thus creating a substantial additional Unfunded Actuarial Accrued Liability (UAAL). Since the Superior Court is pooled together in a cost group with the County the additional UAAL would be allocated to all the employers in the cost group by payroll. As a result about 92% of the additional UAAL would be funded by the County. Board members encouraged the parties to develop a payment method that might qualify as a pensionable benefit but be paid for by the Superior Court, not the County.
